 goSafe

The Safety You Need Right When You Need It

Comprehensive Personal Protective Equipment

goSafe is a complete source of PPE solutions and is stocked and equipped for just-in-time delivery of all your PPE needs, including hard hats, gloves, safety eyewear, hi-vis clothing, FR clothing, boots & shoes, instrumentation, fall protection, medical, first aid, hearing protection, heat stress, and more.

Customization: Put Your Name On It!

goSafe has a complete in-house customization department specializing in embroidery, 6-color screen printing, patches, reflective striping, digital transfers, & pad printing. We are equipped to customize hard hats, bump caps, safety vests, garments, safety eyewear, safety awards, gear bags, and much more.

Repair, Recertification, & Rental

goSafe is an authorized repair center for fall protection and instrumentation from a variety of brands including Reliance Fall Protection, Miller, RKI Instruments, Honeywell, Industrial Scientific, and BW Technologies. We repair everything in-house for quick turnarounds. Need equipment in the short term? We also offer rental for fall protection and instrumentation.

National Account Services

We help you provide the best safety gear to your workers at discounted rates, plus online e-commerce self-service and hotlists for easier purchasing. We'll work with you to keep track of workers' and worksites' equipment, manage spending, and help you keep up to date on safety regulations so you're always up to code and always getting the right gear for the job.

Made-In-Texas, Industry-Leading Fall Protection

Thanks to our partnership and proximity with Reliance Fall Protection, our customers gain quick access to a full line of the highest quality fall protection on the market, including harnesses, lanyards, anchorages, horizontal systems, self retracting lifelines and more. Reliance is known for providing solutions for the most difficult fall protection scenarios.

Managed FRC, Boot, PPE, & Rx Eyewear Programs

Hazards come in all shapes and sizes, as do employees, the demands of the worksite, and the compliance standards that apply. Our Managed Programs take the guess work out of procurement and give you the flexibility, freedom, and data to maximize every hour and every dollar with assigned employee budgets and built-in customization options. Best of all, it comes at no cost.

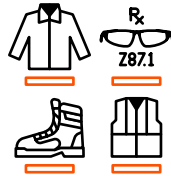

We work directly with your safety and procurement leads to build a self-service catalog of company approved workwear and PPE so your workers can select the clothing that suits their size, comfort, and style needs within set spending limits.

Key Features

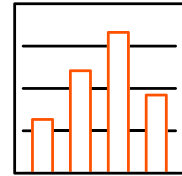

Personalized Catalogs

Custom Self-Service Catalogs are filled with compliant products approved by your safety and procurement staff.

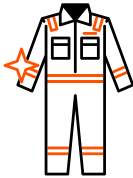

Wide PPE Selection

We have a wide selection of workwear, FR Clothing, Rx Eyewear, Workboots, and Uniforms from top safety brands.

Manage Budgets

Establish budgets by end users, track their spending, and generate reports by worksite and employee.

Customization

Our in-house Customization Team can add embroidery, patches, reflective tape, screen printing, pad printing, and more.

Expert Support

With extensive safety experience, our customer care team help you save time, stretch your budget, and stay compliant.

Reliable Supply Chain

Get what you need when you need it through in-stock programs and managed supply chain.

How it works

LOGIN

Workers login with their assigned credentials to access the self-serve catalog of approved items.

SHOP

Workers shop the safety gear that match their size, style, and customization preferences.

REVIEW

Approvers are notified of a desired purchase via email and may approve or deny it with comments.

RECEIVE

Once approved, Items are then shipped directly to the desired worksite for immediate use.
